SAT

What is it?

The SAT is an entrance exam used by most colleges and universities to make admissions decisions. It is a multiple-choice, pencil-and-paper test administered by the College Board.

The purpose of the SAT is to measure a high school student's readiness for college, and provide colleges with one common data point that can be used to compare all applicants. College admissions officers will review standardized test scores alongside your high school GPA, the classes you took in high school, letters of recommendation from teachers or mentors, extracurricular activities, admissions interviews, and personal essays. How important SAT scores are in the college application process varies from school to school.

Overall, the higher you score on the SAT and/or ACT, the more options for attending and paying for college will be available to you.

What to bring?

Graphing Calculator. If you do not have one, please let me know. You also need to bring #2 Pencils.

How much does the test cost?

The fee for taking the test is **\$55**. If you would like to see if you are eligible for a fee waiver, or have any further question, please contact Mrs. Burns, in the Guidance Office.
