Exit Poll Comments 5/15/18

Thank you for completing the Exit Poll. Additional comments and your specific concerns can be shared below.

I think over all sports as a whole should be looked at. There are sports who people in the community neglect. A main sport that is overlooked is Wrestling. That is a sport where many people have found success where they have never before. Basketball and every other sport is looked at normally but wrestling has not been looked at well.

I understand that there is a parent and student portal.... But find it very frustrating that many teachers wait til last minute to post grades. Have seen this happen a lot over the last two years. And the only teacher who reaches out to me about my kid is Mrs. Raish. When others do.... Its too late and my child has fallen so far behind they struggle to catch up. 2 years ago my kid went from having a 93 to a 56 in one marking period. The teacher was their coach.... She neither talked to them nor me about it the entire season!!! When I saw them 3 times a week!! As far as sports go... I would love to see us combine with someone like Plattsburgh. Our children deserve to take the proper steps thru mod Jv and varsity both physically and mentally. I watch us continue to put kids on varsity teams and they sit the bench or begin to fight with Each other becuz of the pure frustration of losing so much becuz they are such a young team. Most of these kids are not going to do anything w sports after school accept to learn how to deal with stress in a good natural way and hopefully good life lessons like how to be part of a team and how to push yourself more and more every day to get better. All things we need to do in a job and with our families.

Kids deserve the best quality of education. Many areas of the district show a high quality of education, however, there are some very important areas that are not the best quality. All kids deserve the best the district can offer.

School sports numbers are down because of rampant nepotism/favoritism of certain kids with their parents as coaches and/or parents controlling other coaches and/or parents sitting on the bench. This makes other kids not want to play.

Strongly oppose merger with other schools but sharing services is fine.

This school needs to step it up when it comes to bullies. Big talk, no actions.

Why do ask the same merge questions every year but nothing comes of it?

you have a teacher who is openly hostile towards christans and yet nothing is done about it. if it were a muslim student being attacked, all hell would be unleashed.
